dedication

In an age when personal gratification gives every indication of being the primary motivating force for the individual, it is rare that one finds a person who is committed to helping others. Miss Cribbins is one such person.

During her years as a teacher, she has energetically but unobtrusively gone about her main task in life: the education of students who can take their places with assurance and competence in the world of business. The demand for individuals of this calibre is ever-increasing, and Miss Cribbins has worked with limitless energy to produce graduates who can enter the business world with the necessary qualifications.

In our preoccupation with our own objectives, it would be easy for us to overlook the vast contribution Miss Cribbins has made to her students, for, as is so often the case with the modest, she works without fanfare. With more sober reflection, however, we are grateful for her selfless efforts, and we are proud that she has been a part of Amity.

Rocco Orlando

After years of effort and attention to the daily requirements involved in pursuing a public education, you have reached the long-sought objective of all youth of your age, a high school diploma. I am pleased, as your Superintendent of Schools, to be able to extend to you my sincerest congratulations upon your graduation.

As you move into the world of responsible citi

number, it is our fond hope and desire that your total experience in the Amity Regional Schools has equipped you to meet the societal demands of tomorrow and the future. It is these very demands which will challenge you to the utmost and require your best abilities. You are America's hope for the future, and upon your shoulders will rest the responsibility for concerned and enlightened leadership

Leadership for tomorrow will, I believe, require greater concern for the myriad of unsolved problems which our society faces. Only if you use your ability to its maximum will you be able to make your contribution to the solution of problems relating to the human and technological frontiers. I urge you to accept this challenge!

To each of you, I extend my personal best wishes and hope that your future will be marked by great success

The Class of 1969 will leave Amity and look toward a future of excitement, concern, discovery, and involvement. Each of you will have the opportunity to evaluate the advocates of challenging ideas, the champions of contradictory programs, and the espousers of total negativism. How will you respond? What will be your answer?

Amity has endeavored to provide an educational environment designed to encourage curiosity, creativity, and individuality. We believe that each of you has grown, because of your activities at Amity, both as a student and as a person. We have every confidence that you are equal to the tasks ahead

Congratulations to each of you, and may the future nourish what Amity, hopefully, has ignited. We will watch with pride your contributions to the society of tomorrow

JOHN FOLEY
Principal

During the few years that you have spent at Amity, the world and our country have gone through many changes.

One can let his imagination run riot envisioning a world free from back-breaking toil, a world where all will have abundant leisure to enjoy the better the softife. What threatens to bar us form this tropic international suspicion and distrust hatred, greed, selfishness, and racial and social intolerance are a few of the problems.

The opportunity – the challenge – belongs to you and others in your age group to solve these problems. This world of ours is in a sad state of unrest, and for that we, your elders, must accept some of the blame But remember that it is a great world and our country is the finest in it. Since its inception, those of us who have gone before you have given of our best. Our hope for its future greatness lies in your hands. I have fauth that you will succeed

The Student Council of 1968-1969 was faced with many challenges and problems. However, the programs initiated by the Council proved to be productive and rewarding. The Council earnestly worked to encourage all Amity students to participate and share in the governing, organizational, and social functions of the school

For the first time in Council history every committee, with the exception of the School Store and Flection committees, was chartered to include non-council members as well as members. New committees were formed to meet the problems: school day evaluation committee, dress code committee, assembly committee, coke-machine committee, and many others. All committees and groups worked diligently to fulfill the responsibility of their group and to supplement and improve the program and facilities.

The school day evaluation committee's efforts contributed much to the changes under consideration. This group met with a faculty committee, visited other schools, considered and studied curricula and programs, and with the faculty committee submitted proposals for a shortened, reorganized school day. The purpose of the dress code committee and coke-machine committee was to help reduce pressures at Amity by making suggestions for a less rigid dress code and for more relaxed attitudes. Bermuda Day dress was expanded to permit more than bermudas, and culottes were "in" as school attire

The Council spent approximately \$800 sponsoring industrial arts projects, buying equipment for the A.V.A. department and supporting club activities. The sum of \$500 was contributed to international and local charities. In addition to the annual Welcome Dance and the Grub Dance the Council sponsored three record hops

The Student Council at Amity worked this year to implement and expand the existing program and to provide a Council equipped to meet the needs and demands of the student body. Much was accomplished yet much still needs to be done. Educational values are changing, and future student councils must be able to expand and help work toward building a rewarding and creative Amity High School

The Amity Football Team had its most successful season in the past four years with impressive wins over Shelton, Branford, and North Haven. The wins brought the team's final record to 6-3- good enough for a third place finish in the Housa topic League. It was the best finish in the three years. Amity has been while ind with the Housatonic League.

The starting line of Pete Dressigacker, Dave Keefe, Bob Ducibella, Jim Esposito, Reed Waite, John Adamovitch, and Craig Sawyer woone of the best in the League. The running backs. Rich Rostowsky, Fred Pucific, Bill Minimore, and Guy Pilmier, proved devastating on the Limited Fine junior performers were Mark Mandell, Pat Moore, and Mike Hoppe supported by the talented sophomore, Ken Burkus

In all, it was a fine season for Coach Janenda and his boys son of which Amity will always be proud

Luce looks on

The hockey team, coached by Hal Smullen, played well this year, but was the victim of bad luck. In spite of a determined effort, they were often denied victory by a single goal. Still, the performances of Rick Geltman, Bob Thaiz. Marc Luce, and Paul Hoffman were impressive. The aid of Jim Lenahan and the talented Tom Voets greatly contributed to the team's season, and should be a great help next year

mother successful scason

The Swimming team compiled an unsurprisingly good record this season as Captain Craig Colberg led the mermen to 12 victories against only 3 losses to powerful Hamden, Naugatuck and Notre Dame teams. This earned the senior dominated squad a solid third place in the District League and ranked them among the top ten teams in the state. With Colberg, Jay Calnen, Larry Garber, Jody Ulrich, Keith Russell, and John Tinker graduating next year, prospects are not the brightest but always optimistic Ed Gibney has hopes for

baseball

After a somewhat disappointing season last year, Coach John Janenda's baseball team shows a high degree of optimism toward the coming season. With many talented veteran players returning to action this spring, led by Tri-captains Russ Smith, Brian Pughsi and Rich Rostowsky, the team has the potential to go all the way in the tight Housatonic League race. The stalwart support of Fred Pucillo, Bill Montgomery, John McHugh, and Bob Pollack will be of invaluable aid in making the season a success

Dear Graduate:

Congratulations from the Staff and Board of Directors of the Orange National Bank.

As part of our community relations program, and as an exemplification of our confidence in your future, we want to extend one of our services to you without charge.

If your plans are to continue your education at a college or university then drop into one of our offices and open a personal checking account. During the time you are attending college, we will be happy to waive any Service Charges as our part in helping young citizens at the start of their careers.

Our offices are at 285 Boston Post Road, Orange, at the time and temperature sign, and 479 Campbell Ave., West Haven, across from the Green.

See you soon.
